

## COVE 2

With its gentle curved door and soft lines the Charnwood Cove 2 creates a powerful focal point for any room. It delivers a respectable 8kW of heat with a maximum output of 11kW. The base options give the stove five very different looks. The low stand and low arch are perfect for fitting the appliance into a standard fireplace opening whilst the store stand and centre stand are ideal for a large inglenook or a freestanding situation. Optional convection panels are also available.

### RATED OUTPUT

**8kW** to room (range **3-11kW**)

### NET EFFICIENCY

**74.7%**
